9 CSR 45-5.060 is adopted.

This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The department received five (5) comments on the proposed rule.

COMMENT: One person commenting on subsection (3)(B) stated that two of the agencies referenced in this subsection have changed their names, namely The Commission on Accreditation of Rehabilitation Facilities has changed its name to the Rehabilitation Accreditation Commission, and the Council on Quality and Leadership in Supports for People with Disabilities has changed its name to the Council on Quality and Leadership.

RESPONSE AND EXPLANATION OF CHANGE: The department agrees and has revised the subsection accordingly.

COMMENT: One person commenting on paragraph (4)(E)1. objected to the regulation under which a surveyor will cite as a violation a single instance of failure to comply with the standard. The commenter suggested that only patterns of noncompliance should be cited.

RESPONSE: The department considers these standards minimal and essential to health, care, and safety of consumers and thinks that single violations should be cited. Therefore, the department has not revised the regulation as requested.

COMMENT: One person commenting on section (5) questioned the need for the numerous references regarding activities that the department is required to make since a rule primarily regulates entities outside the department.

RESPONSE: The department has not removed the references as requested because references to the department activities are appropriately addressed in an administrative rule when they describe interaction between the department and providers.

COMMENT: Two persons commenting on section (6) stated that oral complaints should be subject to investigation as well as written complaints.

RESPONSE AND EXPLANATION OF CHANGE: The department agrees that the wording is misleading and has revised the section accordingly.

COMMENT: One person commenting on subsection (12)(A) indicated that the word "neglect" has been omitted from the list of items that maybe subject to investigation.

RESPONSE AND EXPLANATION OF CHANGE: The department agrees and has revised the rule accordingly.

9 CSR 45-5.060 Procedures to Obtain Certification

(3) The department shall conduct a site survey at an organization to assure compliance with certification standards, standards of care and other requirements.

(B) The department recognizes and deems as certified a provider that has attained full accreditation under standards for Community Services (community living services for Individualized Supported Living (ISL) and residential habilitation and personal and social services for day habilitation) and for Employment Services (supported employment) from the Rehabilitation Accreditation Commission (CARF) or The Council on Quality and Leadership (The Council). The deemed provider must—

1. Submit to the department a copy of the most recent accreditation survey report and verification of the accreditation time period and dates within thirty (30) days of receipt from the accreditation agency.

2. Notify the department when accreditation surveys are scheduled or when accreditation agency makes complaint investigation visit.

3. Notify the department of any changes in accreditation status during the time period of accreditation and resurvey.

4. Identify the department as a primary stakeholder for contact by the accrediting agency during survey and resurvey data gathering processes.

(6) The department may investigate any complaint regarding the operation of a certified or deemed certified program or service. If conditions are found that are not in compliance with applicable certification standards, the department may, at its sole discretion, notify the accrediting organization of any concerns.

(12) The department shall have authority to impose administrative sanctions.

(A) The department may suspend the certification process pending completion of an investigation when an organization that has applied for certification or the staff of that organization is under investigation for fraud, financial abuse, abuse or neglect of persons served, revocation of persons' rights without due process, or improper clinical practices.

Title 10—DEPARTMENT OF NATURAL RESOURCES
Division 10—Air Conservation Commission
Chapter 6—Air Quality Standards, Definitions,
Sampling and Reference Methods and Air Pollution
Control Regulations for the Entire State of Missouri

ORDER OF RULEMAKING

By the authority vested in the Missouri Air Conservation Commission under section 643.050, RSMo 2000, the commission amends a rule as follows:

10 CSR 10-6.110 Submission of Emission Data, Emission Fees and Process Information **is amended.**

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on February 15, 2002 (27 MoReg 318-324). No changes have been made in the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Missouri Department of Natural Resources' Air Pollution Control Program received comments on the proposed rule amendment from three sources: Associated Industries of Missouri (AIM), Regulatory Environmental Group for Missouri (REGFORM), and the St. Louis Regional Chamber and Growth Association (RCGA).

COMMENT: RCGA stated their support for the proposed emission fee increase in recognition of the importance to the state and

business community that the state maintain an effective air program.

RESPONSE: The department's Air Pollution Control Program appreciates RCGA's support for the emission fee increase. No changes were made to the proposed amendment text as a result of this comment.

COMMENT: AIM and REGFORM commented that they did not oppose the proposed fee increase.

RESPONSE: The department's Air Pollution Control Program understands AIM's and REGFORM's positions relative to the proposed fee increase and appreciates their statement of nonopposition. No changes were made to the proposed amendment text as a result of this comment.

COMMENT: AIM commented that the department's Air Pollution Control Program should consider the efficiencies that could be introduced in the expenditure of the funds generated by the fees.

RESPONSE: The department's Air Pollution Control Program is currently in the process of determining and implementing further efficiencies into the program's operation. The Missouri Results Initiative is an example of successful government/industry cooperation to review processes and recommend efficiency improvements. No changes were made to the proposed amendment text as a result of this comment.

COMMENT: AIM stated their concern with the costs incurred by industry in completing required regulatory forms, for example, the Environmental Inventory Questionnaire (EIQ).

RESPONSE: The department's Air Pollution Control Program is cognizant of the regulatory requirements that industry must comply with. Costs were presented as provided by industry.

The program is continuing to work with industry to identify areas of improvement for streamlining operations, including EIQ reporting and compliance certification procedures. As an example, the program believes the Missouri Emission Inventory System (MoEIS) should reduce industry's cost in complying with regulatory requirements.

In 2002, the MoEIS on-line Internet portion of MoEIS is expected to be available for Missouri sources of air pollution to enter their emissions for calendar 2002 using the Internet. No changes were made to the proposed amendment text as a result of this comment.

COMMENT: RCGA commented that they are concerned the state is collecting and processing more detailed information on air emissions than is necessary for program operations. In addition, RCGA believes that the state can and should learn from the experiences of neighboring states regarding how the state can gather and process the required emission information without imposing unnecessary burdens and complexities on the regulated community especially on the smaller sources.

RESPONSE: The department's Air Pollution Control Program is continuing to work with industry to identify areas of improvement for streamlining operations, including EIQ reporting and compliance certification procedures. No changes were made to the proposed amendment text as a result of this comment.

COMMENT: REGFORM commented that the proposed rule amendment includes a temporary one dollar (\$1) add-on that the department's Air Pollution Control Program has pledged to use for the development of MoEIS. REGFORM requests that the commission note this add-on and the department's Air Pollution Control Program's pledge to remove it within two (2) years.

RESPONSE: The department's Air Pollution Control Program acknowledges that the one dollar (\$1) fee is a temporary add-on for the continued development of MoEIS. The one dollar (\$1) add-on to the fee for MoEIS is being proposed for emissions during

calendar year 2002 only and will be used in conjunction with other funds to be obtained by the program to further develop MoEIS. By state statute, the emission fees are set annually to fund the reasonable cost of administering the program. No changes were made to the proposed amendment text as a result of this comment.
